

Stuart Gibbon – GIB Consultancy

'I am a former police officer who talks with Groups/Organisations on the subject of safety in the home and outdoors as GIB Consultancy. Topics covered include bogus callers, telephone scams and personal safety. The talk can be delivered formally or informally depending on the audience. My commitment to the DAA's is to provide informal safety sessions at the Dementia Cafe's run by the Alzheimer's Society throughout the county, of which there are currently seven. I am prepared to attend other Dementia Support Groups and would be happy for such groups to contact me to arrange this. I have a website at www.gibconsultancy.co.uk which provides further details'
